

FIRE SAFETY

BE ALERT TO FIRE SAFETY

Keep your family safe from fire. Have a family fire escape plan. Equip your home with properly placed smoke detectors and maintain them regularly. Remember to practice careful smoking habits. Do not smoke when drowsy. Immediately remove any glowing embers or lighted cigarettes that fall on upholstery. Many furniture vendors are committed to the [Upholstered Furniture Action Council program \(UFAC\)](#), which provides state-of-the-art protection through proper design of upholstery furniture. Additional Fire Safety information has been produced by The Sleep Products Safety Council's Safety and Prevention Efforts, visit www.safesleep.org. If you have a fire: Do not fight the fire, Stay low in the smoke, Exit your home immediately, Call the fire department from a neighbor's home, Do not reenter for any reason. A fire message from the International Association of Fire Chiefs and the U.S. Fire Administration.
